

Welcome to the Pluto Referral Network ✨

The Pluto Referral Network is an opportunity for you to earn money, and gain invaluable career insights and advice alongside your studies.

It's a remote, flexible opportunity with no fixed time commitment, and it's free to join. You can earn money, and connect with a community of engaged UK uni students - all from the comfort of your room.

Who we are?

Pluto is a free financial education app. We bridge the gap between people who want to invest, and those that do, through our unique 'learn, practise, discover' approach.

On the app:

- 1. Learn** - Firstly, users learn investing basics through concise, straightforward and visual lessons.
- 2. Practise** - Then, users practise investing in a gamified, risk-free (no real money) demo environment.
- 3. Discover** - Then, if a user decides they are ready, they can invest for real with our trusted real-money investment platform partners. These have monetary rewards and incentives, exclusively for Pluto users.

It's completely free (and always will be!) to download and use the Pluto app.

Frequently asked questions (FAQs)

***What is a referral?**

Getting a referral is very quick and easy.

If you choose to join the Pluto Referral Network, you will be given a unique code. For a successful referral, all that is needed is for your friend to download the free Pluto app, and, when they sign-up on the app, they need to add in your unique code. The whole process will take no more than a minute, as the app is free and the sign-up process is very short.

As long as your friend adds in your unique code when they sign-up, you will receive a payout.

Is the app only on iOS?

Yes. Currently the app is only available on the Apple Store, and so can only be downloaded by those with an iPhone. This means there isn't (currently!) the opportunity to earn money with your friends with Android!

If of interest for Android users, the Pluto Find and Compare website has exclusive rewards provided by the investment platforms we partner with. You can also join our mailing list for free on the website.

Can I join the network if I don't have an iPhone?

Yes you can. Follow the steps in 'How do I join and start earning?'. You can still earn with referrals from your friends with iPhones, even if you don't have one.

When is the Pluto Referral Network open for new members?

The Network onboards new members on a rolling basis. Follow the steps in 'How do I join and start earning?', and you should be onboarded and ready to start earning within a few days or so.

How will I get paid?

We typically pay our Pluto Referral Network members via the Uphold app. Uphold operates in 184+ countries worldwide, across 200+ currencies (traditional and crypto), and it is free to sign-up. We use Uphold as we can send money through the app directly to the recipient, using just your email (so there's no need to provide us with any bank account details).

We will provide you with the details required to set up Uphold in your starter pack, via this link <https://uphold.sjv.io/plutonetwork>. We may consider alternative means of payment on a case-by-case basis.
